ABOUT ME

Results-driven professional with 15+ years of experience using data and technology to analyze operations, identify inefficiencies, and improve processes. Experienced in turning operational data into meaningful insights that support decision-making and efficiency. Combines hands-on business experience with technical skills in SQL, Excel, Python, and web development. Seeking to apply this combination of analytical and technical skills in a Data Analyst role.

EXPERIENCE

THE HOME DEPOT

Asset Protection

Pittston, PA 06/2024 - Current Job

- Reviewing and organizing data from daily audits to identify patterns and provide actionable information to the team.
- Analyzing audit and operational data to identify discrepancies, trends, and potential process inefficiencies.

THE HOME DEPOT

ICQA

Tewksbury, MA 08/2022 - 05/2024

- Cycle Counts: Conduct regular cycle counts to ensure that the inventory levels in the warehouse management system (WMS) match the physical inventory.
- Inventory Reports: Generate and analyze inventory reports to monitor stock levels, track discrepancies, and identify trends or issues.

99 DEGREE

Supervisor Warehouse

Lawrence, MA 03/2020 - 07/2022

- Collaborated with other departments to coordinate workflow processes between teams.
- Utilized document management system to organize company files, keeping up-to-date and easily accessible data.
